Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

Independent claims 8, 20, 37, 44, when considered as a whole, are allowable over the prior art of record. Prior arts of record do not teach or suggest the steps/means of generating a UI form definition based upon a number of device capabilities wherein the UI form definition specifies characteristics of a UI form for a server based application maintained by the UI server and said UI form definition corresponding to a platform of a particular client device wherein said UI form definition is selected from a plurality of UI form definitions stored at said UI server.

Specifically, Dillingham [US. 6,327,608] in view of Wolf et al. [US. 5,818,447] fail to teach the feature of generating a UI form definition in light of the invention specification.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
